EXAMINER'S AMENDMENT

The following is an examiner's statement of reasons for allowance: The prior art teaches a housing, a gearing mechanism and at least six legs associated with the gear mechanism; however, the prior art fails to teach "wherein at least three legs move backward in a flat plane while at least three other legs arch upward and forward before returning again in the flat plane, causing the mechanical bug to remain level and steady as the mechanical bug walks forward."

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The number pages "1/10" and "2/10" should read -- 1/9 --- and -- 2/9 --. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

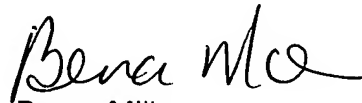

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bena Miller whose telephone number is 571.272.4427. The examiner can normally be reached on Monday-Friday.
